Assessment Process

Members of the Assessment Panel aim to assess *fully completed* application forms within 21 working days of receipt.

The Panel will consider if any assumed deficit between income and expenditure constitutes real need and cannot be reduced to a manageable level by your own actions. It is up to you to present your case to people who do not know your circumstances. Please note that 'capped' figures are applied to some expenditure items.

We will not consider the purchase or upkeep of large items such as a car or the expense of, for example, a mobile phone unless this is proved to be essential due to some special circumstances. The Fund is intended to provide help in covering the **essentials** required for completion of studies.

The fact that you have debts is not on its own sufficient to attract financial assistance. We will consider how and when these debts have accumulated.

Once your application has been considered, an allocation may be made on the basis of the information provided, or you may be asked to attend an interview.

Useful Information

Further information on financial support can be found at: www.glos.ac.uk/funding

Please be aware that assessments for 2017/18 will start on the 25 September (18 September for first year students), however please feel free to contact us if you have any queries before the start date. The closing date for applications will be 15 June 2018, any applications after this date will be ineligible for assessment and will be considered for summer funding.

Summer funding is for students who will be returning to study in 2018/19 and who are supporting themselves over the summer period. Students whose final year is 2017/18 will not be assessed.

What Happens Next?

We will contact you with a decision within 21 working days, unless further information is needed.

What to do if you are unhappy with the Decision?

If you are unhappy with the decision, you can ask to meet with a Student Finance Adviser for feedback. During this discussion you may realise that your application should be revised, and you may resubmit your application with amendments. This application will be assessed as above.

If the information you initially provided was correct and an amended application is not appropriate, you may appeal against the decision and seek a review. Appeals against decisions must be made within 21 days of receipt of the decision, on an appeals form, available on request. You may be required to attend an interview.
