**This course has given me the opportunity to broaden my knowledge within the field of education. I have enjoyed studying alongside a diverse range of students and learning from their experiences, as well as reflecting on my own practice. I have had the opportunity to tailor the Masters in Education (MEd) to my own interests and personal goals.**

**The degree has given me the confidence to pursue my career ambitions and has reignited my own love of learning. My tutors are extremely supportive and knowledgeable. They recognise the challenges a master's degree brings to all students and work to adapt their support to meet those needs."**
