GLOUCESTERSHIRE

From students to celebrities, people from all walks of life are proud to call Gloucestershire their home. HRH Prince Charles, Lily Allen, rugby's Phil Vickery and artist Damien Hirst all have homes in the county. And many of our students choose to stay after graduating, finding work with multinational businesses including Superdry, Dyson and Zurich.

With over 45 festivals each year, Gloucestershire offers something for everyone – music, cricket, cider, food – it's all here, drawing in big names and rising stars.

We've also got the great outdoors in abundance, from the picture-perfect Cotswolds to the ancient Forest of Dean. You can take the plunge at the Cotswold Water Park or scale new heights at the Warehouse Climbing Centre.

If you prefer to shop 'til you drop, chic boutiques, chain stores and plenty in between offer a shopper's paradise. And with a diverse nightlife boasting everything from dance floors to traditional pubs, comedy evenings to cocktail bars, our students grow and thrive here.

Our students work behind the scenes at the biggest international events in Gloucestershire. And when it's time to play, they can be found on the pitch, out on the town, or soaking up the atmosphere of our festival county.
